

The Danceartists 2026 New Summer Intensive Courses

Our Summer Intensive Class Courses provide detailed Technical and Artistic training with happiness at the core. The best way to progress in Ballet is Consistency. Knowing this fact we have introduced Continuing Dance Education during the long Summer Vacation weeks. Your children work hard during the year to gain higher improved standard by the end of each year. After a long Summer Vacation they return to Dance at a lower standard than when they finished their previous year.

Our solution.....

A selection of continuing afternoon and evening classes for dancers and parents to select from during the Summer Vacation weeks providing Dance Students with consistency in their physical training resulting in continuing high standard Dance Technique and Artistry development. Developed by Danceartists Artistic Director and Master Ballet Teacher Ms Joanna Duncan ARAD RTS Solo Seal. Our Summer Intensive Class Course curriculum has happiness at its core establishing our Summer Intensive Vacation Classes as a must do part of every child's Summer Vacation. Open to all students from all schools. Our Summer Intensives are fun, inspiring AND all participating dance students improve in their Dance standard and self confidence through our proven expert training.
